

CONTINUING EDUCATION REQUIREMENTS TO RENEW & MAINTAIN YOUR LICENSE ARE HERE

The Laws on Licensure in Michigan have changed and continuing education is now required in order to renew your license. The State of Michigan recently announced the Continuing Education requirements for licensed builders including all of the mandatory hours of education that will now be required in order to maintain your Builders and M&A Contractors License.

Builders who have had their license for less than six years will be required to gain 6 hours of credits in the 2011 licensing cycle. Builders with more than 6 years will be required to gain 3 hours credit toward competency, 1 hour of codes, 1 hour of safety, and 1 hour of legal before the 2011 cycle

Join us for a 1 hour **codes** class and begin gaining your credits that will count towards your educational requirements for this next licensing cycle of 2011.

At the end of each class all students will receive a certificate signed by the instructor verifying proof of attendance and ensuring your compliance.

This class is open to Inspectors, Building Officials, members and non members alike.
